PROFESSIONAL SUMMARY.

Motivated 3rd-year student skilled in C, Python, HTML, and Java, with a strong interest in data structures and algorithms (DSA). Actively solving daily challenges on LeetCode and participating in competitive coding contests. Intermediate Flutter developer with a solid understanding of databases and SQL. Aspiring to become a data scientist, focusing on app development, data science and machine learning, while committed to continuous learning and professional growth in these dynamic fields.

EDUCATION

- **Sharda University** Greater Noida, India
Bachelor of Technology - Computer Science Engineering ; CGPA: 8.7 (2nd year,2024) Sep 2022 - June 2026
- **Kendriya Vidyalaya** Chhindwara, India
Higher Secondary (12th) - CBSE ; Percentage: 82.4 2022

SKILLS SUMMARY

- **Languages:** Java, Dart, Python, SQL, HTML, C
- **Frameworks:** Flutter, Springboot, MVC
- **Tools:** GIT, GitHub, MySQL, SQLite, AWS, Google Cloud Platform
- **Platforms:** Linux, Web, Windows
- **Soft Skills:** Leadership, Problem Solving, Critical Thinking, Teamwork and Collaboration, Public Speaking, Time Management, Communication Skills, Adaptability

EXPERIENCE

- **Aliter Business Solutions** On Site, Mumbai, India
Flutter Developer Intern 6 Weeks, June 2024 - July 2024
 - **Flutter Developer Intern:** Completed an internship as a Flutter Developer, contributing to site projects.
 - **Project Development:** Developed basic to intermediate Flutter applications, enhancing functionality and user experience.
 - **Skill Advancement:** Currently advancing skills in Flutter and exploring advanced app development techniques.

PROJECTS

- **Expense Tracker App:** (Pre-release) Created a Flutter app for tracking and categorizing expenses with dynamic graphs, supporting both dark and light modes.
Link : <https://github.com/VedantTiwari9685/Expense-Tracker-App/releases/tag/v1.0.1-beta>
- **Meals App:** (Ongoing) Building a Flutter app for exploring food categories, viewing recipes with ingredients and steps, and saving favorite meals.
Link : <https://github.com/VedantTiwari9685/Meals-App>
- **Portfolio Website:** Created a personal portfolio site using HTML, CSS, and JavaScript to showcase my skills, projects, and professional details, demonstrating my frontend development capabilities.
Link : <https://vedanttiwariportfolio.netlify.app>
- **To-Do App:** Developed a Flutter-based to-do app while learning under a mentor during an internship as a Flutter Developer, along with a few other projects that enhanced user experience and functionality.
Link : <https://github.com/VedantTiwari9685/To-Do-App>
- **Patent - FUEL DISPENSER NOZZLE OF A FUEL DISPENSER PUMP:** (Published) Developed a safety mechanism (Application No. 202311090350 A) for fuel dispensers using a force-sensitive spring to shut off fuel flow under excessive force.

CERTIFICATIONS AND COURSEWORK

- **100 Days of Code : Complete Python Bootcamp** Udemy
58 Hours
 - **Python and Data Science:** Proficient in Python and familiar with foundational Data Science concepts, utilizing libraries like Matplotlib and Pandas.
 - **Project Development:** Developed websites and applications using Python for various projects.
- **Flutter and Dart : The Complete Guide** Udemy
30 Hours
 - **Dart and Flutter:** Advancing skills in Dart and developing cross-platform applications using Flutter.
 - **APIs:** Learning essential APIs for effective application integration in projects.

CODING ACCOMPLISHMENTS

GitHub : All projects and codes are available on GitHub.

LeetCode: Solved 150+ problems on LeetCode and earned the 50 Days Badge and July Badge.

HackerRank: Earned 5 stars in Java, C, and DSA on HackerRank.
